

Vin Santo DOC

/Vin – san toh/ - Vin Santo means "holy wine" and there are various theories on where the name comes from. One of the most famous stories tells of a Franciscan monk who would use it to celebrate Mass. Later it was commonly known for its "holy" or curative power to treat ailments.

VINIFICATION

While Tuscany is not the only Italian region to make the passito dessert wine Vin Santo, the best-known version is from the Chianti Classico and is produced with a blend of Trebbiano and Malvasia Bianca. Red and rosé styles are also produced mostly based on the Sangiovese grape, but not by Castello D'Albola. The wines are aged in 180 liter chestnut barrels called "Caratelli" for 8 years. We do not change the barrels; we use them over and over. Fermentation occurs inside the barrels; we cover them with a deep red wax and do not expose the wine for 8 years. We make approximately 2,000 bottles a year. This technique involves drying the carefully selected, hand harvested grapes in ventilated rooms for a period of about four months, which greatly concentrates the sugar levels. The length of time the grapes are dried influences the degree of desiccation and hence potential levels of residual sugar for a given alcohol reading.
