VINIFICATION

The wine is aged 8 months on its lees (sur lie) in steel tanks with an additional 3 months in bottle. "Sur lie" wines are bottled directly from the lees without racking, a process for filtering the wine. In this case, the toasty, nutty "hazelnut" quality does not affect this wine. The wine does see additional depth and complexity especially on the finish. Steel tank fermentation from 18°-22°C (64°-71°F).

COLOR

Straw yellow with greenish hues.

BOUQUET

An all-encompassing nose with clear hints of acacia, honeysuckle, and juniper flowers, lychee and white peaches.

PALATE

Well balanced with medium plus acidity, delicately aromatic with a pleasant sapid, mineral touch.

FOOD PAIRINGS

Braised chicken and stuffed trout and delectable assortment of shellfish.
