VINIFICATION AND MATURATION

The must is obtained from gently pressed grapes. Half of the must undergoes an initial fermentation at 64°F while the remaining 50% is stored at 32°F as unfermented must. Following the traditional Charmat method, the must is combined and transferred into pressurized stainless steel tanks where the wine transforms into sparkling wine.

COLOR

Pale, straw yellow with subtle green hues with a persistent perlage and rich mousse.

BOUQUET

Refined and elegant, enhanced by pleasing fruity notes.

PALATE

Dry and pleasantly fruity with a fresh, aromatic note on the finish. It also reveals an abundance of almonds, and fresh citrus notes.

FOOD COMBINATIONS

Enjoy with caprese salad, crab cakes, pan-seared salmon with lemon and basil, chicken pesto with angel hair pasta or all your fine desserts.
