Energizer's Pro Keep Wanderer

Edible Skinny would like to take this moment to thank Dads (yeah, all Dads) for all they do!

From being our rock to teaching us to rock it out! From teaching us the rules to teaching us the importance of breaking them.

We never say it enough, but we are forever grateful for our forever lessons from learning to tie our shoes to the art of negotiating. And in honor of the original King of the Castle, here are some Father's Day suggestions for the OG man in our life!

For the Swirling Whirling Wine Dad - Castello del Poggio Moscato (\$13.00 per 750mL Bottle)

Hello, to the Sweet Life! Americans obsession with Italian wines are not ending anytime soon, so let Dad embrace it with style. A product of "spensieratezza," the Italian word expressing lighthearted carefreeness, this below fifteen dollar bottle of wine is mildly (and we mean mildly) sweet with hints of honey, musk, and white peaches on the nose. With colors of deep cornfields and golden sunset reflections, its taste is light on the palate with low minerality recalling hints of white tuberose and honey. This is the perfect wine to sip after a surf sesh! Pairs perfectly with savory BBQ, spicy dishes, salads, guilt free desserts, and Santa Monica sunsets! Saluti!
